

AUDITING CLASSES

Students who wish to audit a course (attend without earning credit) must obtain approval from the Provost/Vice President for Academic Affairs or their designee. Certain courses, such as those in music, kinesiology, dance, or art, may not be available for auditing, as determined by the Provost/Vice President.

To audit a class, students must register, declare their audit status at the time of registration, and pay regular tuition and fees. Additionally, a \$25.00 fee per academic session will be charged to students auditing one or more classes.
