

TUITION AND FEES

Laredo College tuition and fees are calculated based on a student's semester hour load, laboratory courses, special activities, and residency. Tuition and fees are subject to change by action of the Board of Trustees. Students are expected to pay all tuition and fees in full or have a valid installment plan agreement by the published payment deadlines. Installment plans are not available during summer sessions.

Tuition

Tuition is calculated based on credit hours, with additional fees covering essential student services, campus infrastructure, and technology resources. For in-district students, tuition starts at \$50 per credit hour, with comprehensive fees contributing to a total cost of approximately \$220 credit hour.

General Use Fee

Covers the general operational costs of the college, such as maintenance, utilities, and administrative expenses.

Activity Fee

Funds student activities and organizations, supporting extracurricular engagement.

Matriculation Fee (Matric Fee)

A one-time fee or charge per semester to cover administrative processes like enrollment or registration.

Accident Insurance Fee

Provides accident insurance coverage for students during college-sponsored activities.

Technology Fee

Supports the development and maintenance of technology resources, including computers, software, and online learning platforms.

Instructional Support Fee

Enhances academic resources like labs, equipment, or learning materials.

Student Services Fee

Funds student support services such as counseling, advising, or career development programs.

Parking/Street Maintenance Fee

Covers the upkeep of parking facilities and campus streets.

Students who have received a scholarship are expected to pay the full amount due for tuition and fees or have a valid installment plan if the granting organization has not paid the scholarship by the published payment deadline.

Students are expected to pay all financial obligations to the College when due. Failure to meet such obligations will result in a student's record being placed on "hold". Students with an active "hold" will not be able to receive transcripts or enroll for another semester or session until the debt is paid in full.
